TO: ALL LOCAL 857 MEMBERS

RE: PERSONAL INFORMATION

Dear Sisters and Brothers:

It has recently come to my attention that there are third party organizations contacting our members requesting personal information while claiming to be in partnership with PacifiCare and/or other Local 857 benefit companies. Please note, the only time that personal information is requested by our Benefits Program Administrator (BPA) and Local 857 is for insurance enrollment and application for membership. Any other request would be under special circumstances and would be if a member is changing existing information, such as an address or phone number.

If you receive any phone calls or correspondence from companies which you are not familiar with ***do not give out your personal information!*** If you are not sure whether the correspondence you receive is legitimate or not, contact BPA at 562-463-5025, or Local 857.

If you have any questions please call the Local Office.

Fraternally,

Sergio A. Medina
Business Agent
